How To Use the Patient Portal

A personalized patient portal that gives you a permanent home to organize your medical information.

HOW TO SIGN UP AND ACCESS THE LIVINGSTON HOSPITAL PATIENT PORTAL

There are two ways to sign up for the patient portal:

- ▶ The easiest way is to have the registration staff send you an enrollment email that will contain a registration link. Once you have that link, you'll be able to complete your enrollment.
- ▶ If you don't have an enrollment email you can opt to do self-enrollment instead.

Ready to get enrolled? Simply follow the step-by-step instructions:

1. When you visit the Livingston Hospital website, click the "Patient Portal" option on the main page.
2. From here you can choose 'LOGIN TO PATIENT PORTAL' or 'SELF-ENROLLMENT'. The easiest option is to receive an enrollment email from registration staff. Once you have received the registration link, you will be able to complete your enrollment.

3. When you attempt to log in to your account, you will need to start and/or finish your enrollment from the registration link. You will receive an email that looks like example image 3 to the right.
4. When you click on the enrollment link, you will be asked verification questions. Make sure to fill them out according to what is listed on your hospital chart. This will be case sensitive. You can verify your account using an email address. Example: Your first name will be your legal first name.
5. If you are trying to use the self-enrollment option, you will be asked to enter information similar to what is shown on the right. Your first/last name will be case sensitive. This should be the same information that is listed on your chart.
6. If you have forgotten your password or it says that it is invalid, you can try resetting it. Use the "Forgot password?" link that shows up on the login screen. You should receive an email that will let you reset the password.
7. When you log into the Livingston Hospital Patient Portal, the main page will load and should resemble the image above. The information shown depends on how many visits you've had with us. Your most recent visit details will appear on the right side of the page.

2

Patient Portal Login

Livingston Hospital uses Cerner Health to provide a secure username and password used to access your patient record information.

Use this account to sign in whenever you see the Cerner Health logo. If you don't own or control the computer you're using, turn on "private browsing" to protect your personal health information.

LOGIN TO PATIENT PORTAL >

Patient Portal Self-Enrollment

Self-enrollment is available for Livingston Hospital patients who are age 13 or older.
